In 1890, for 1891, "Home" covers a building to which a separate number has been allotted, namely Gutterhouse, Manukotah, and Bulleghatta. The bulk of the area of these three thannas, which is situated between Circular and new cut Canals was the Manukotah Municipality, being not small strips situated on the eastern fringe of the town bordering on Circular Road, were amalgamated with the town Ward 17A; that adjacent to Ward No. 8, Ward 17A; and 12-00.

Does amount to be 24.1

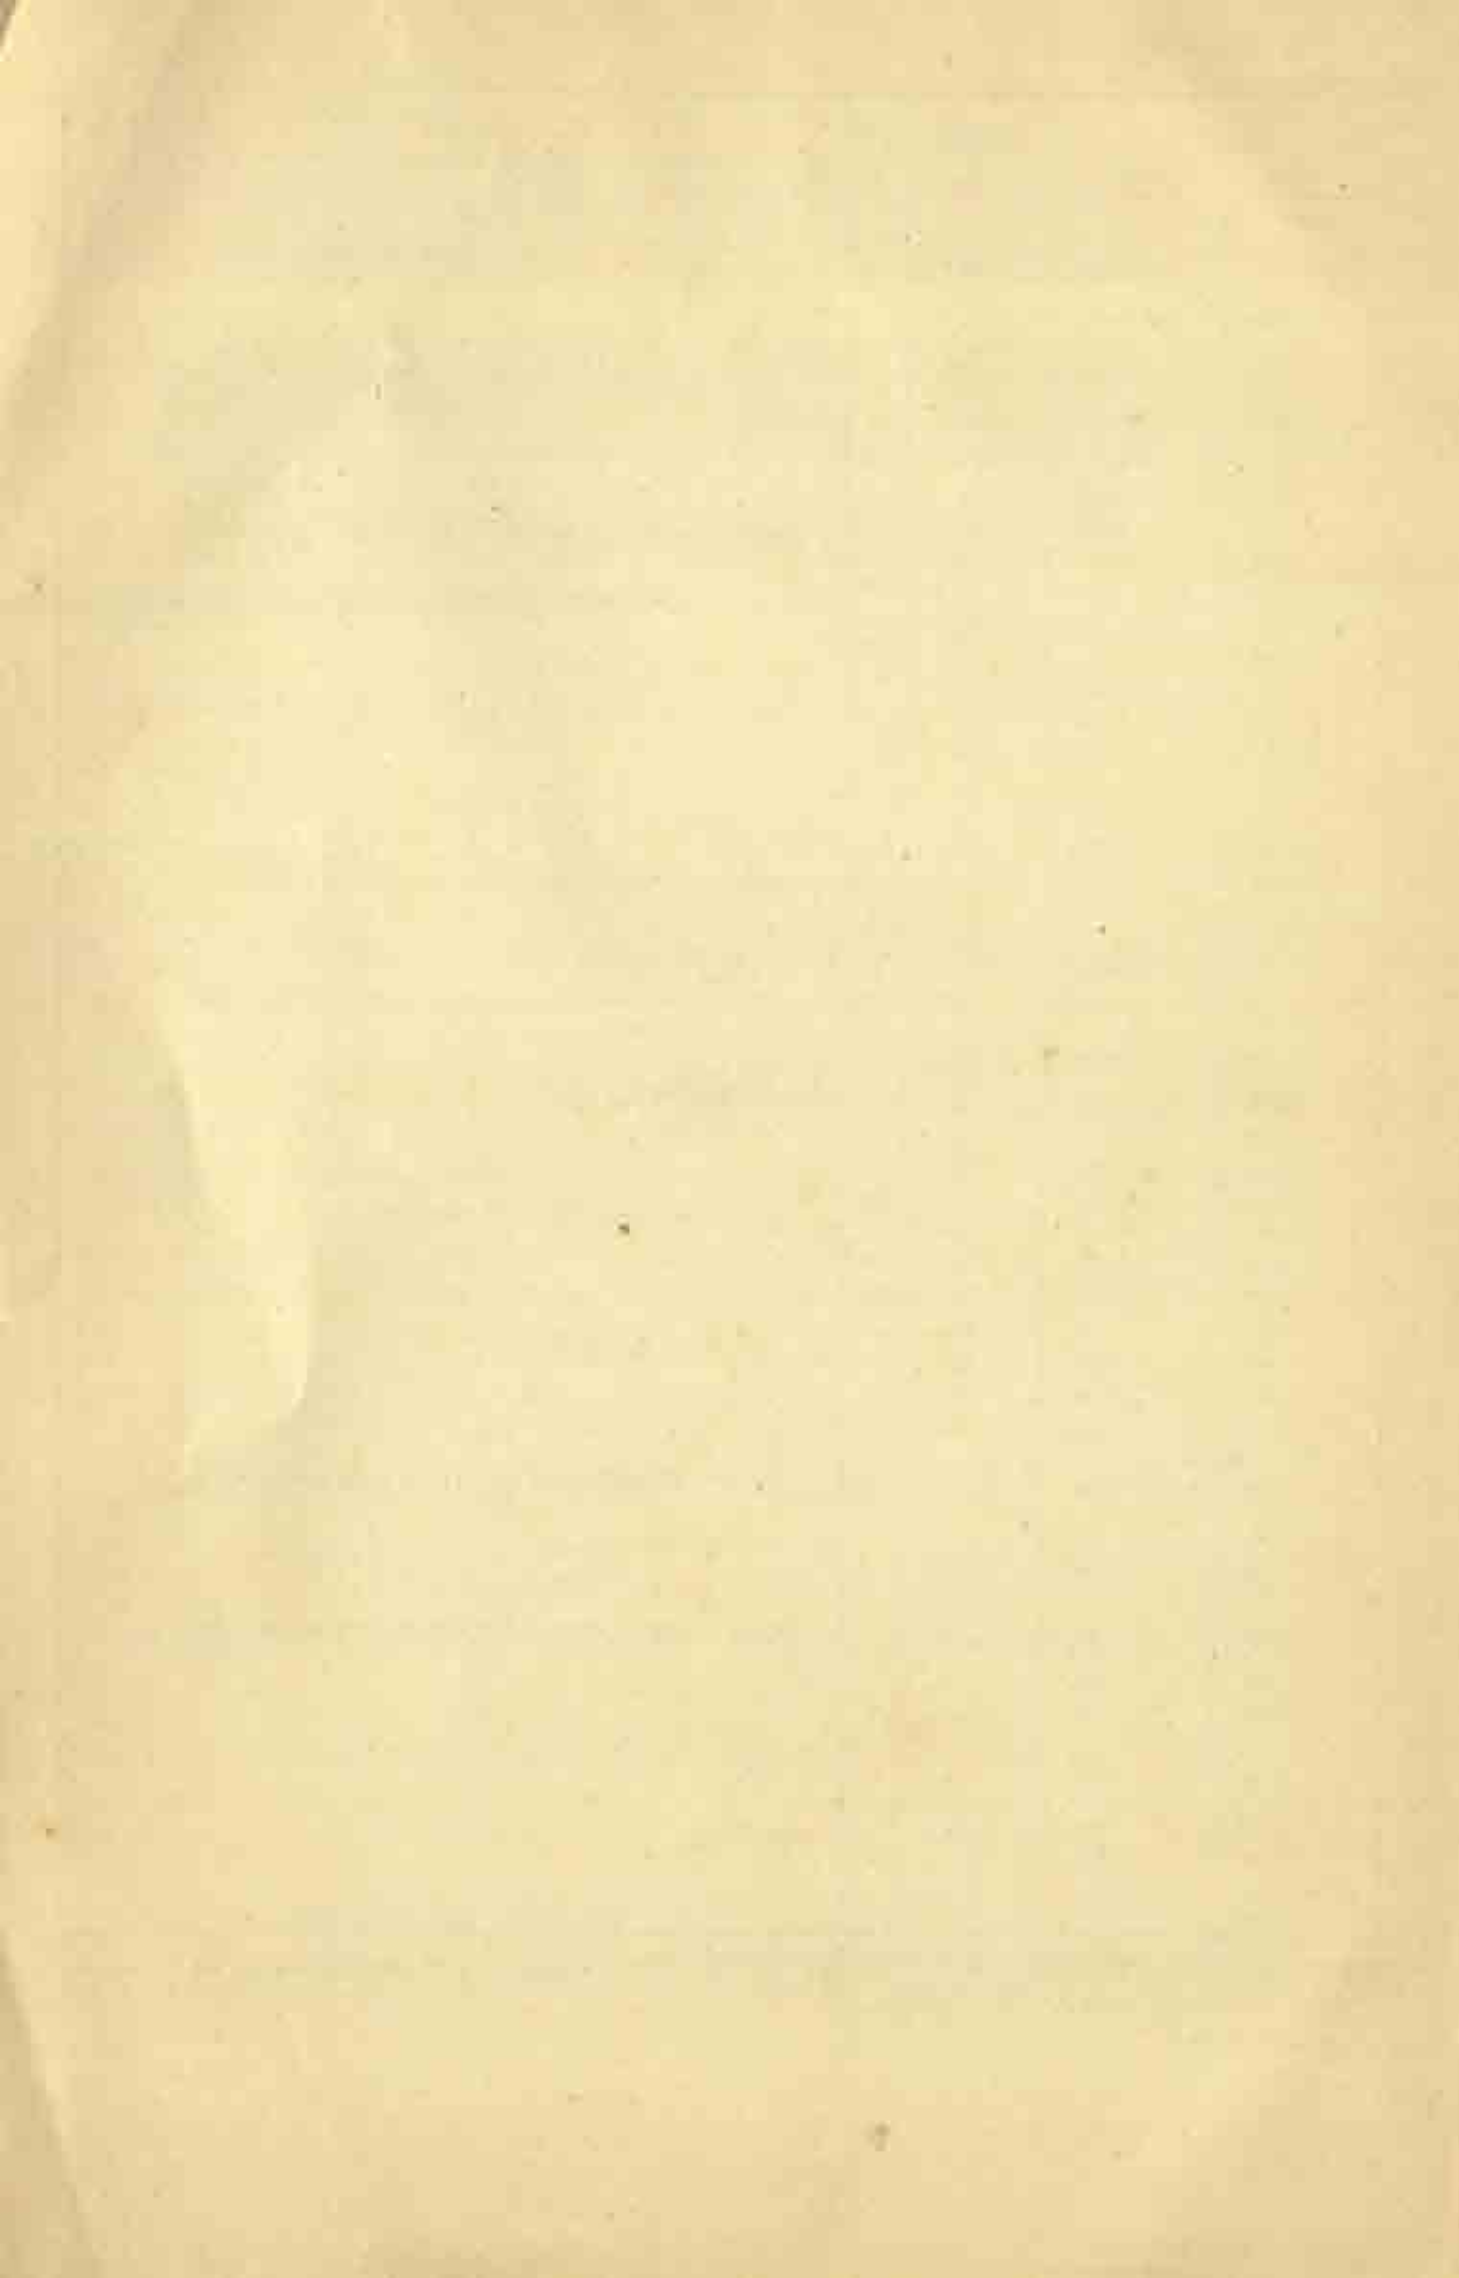

TABLE II.  
*VARIATION OF POPULATION SINCE 1872.*

OWING to the adoption of a different procedure in each of the previous censuses in dealing with the Maidan and the military portion of Hastings, the following changes have been made in the population figures for this table, with a view to comparison of an equal area for each census:—

Changes in 1901  
figures.

Ninety-one males and 2 females have been excluded from ward 12, 34 males from ward 13, 17 males from ward 16, and 39 males and 10 females from ward 17, as these figures represent the Maidan population. They have been added to the figures shown outside Fort. Nine hundred and seventy males and 505 females have been excluded from the Fort and included in Hastings, as they were censused within the military area of the latter. Corresponding changes have been made in the totals for Calcutta proper, and Fort William and Maidan.

Changes in 1891  
figures.

One hundred and forty-six males and 5 females being Maidan population have been excluded from ward 12 and included in the area "Outside Fort;" 416 males and 329 females being population of a part of Entally which was not included in the town area in 1891 have been included in ward 19. The population of Garden Reach has been taken to be the mean between that of 1901 and that given by Mr. Beverley in 1881.

Changes in 1881  
figures.

Nine hundred and forty-seven males and 658 females have been excluded from ward 3 (town area) and included in the fringe area of that ward in adjustment of areas; 152 males and 1 female being Maidan population have been excluded from ward 13 and included in the area "Outside Fort;" 84 males and 78 females have been excluded from the Fort and included in Hastings as appertaining to its military area. The method of calculating the figures for the added area and the Suburban Municipalities is explained in the report.

Changes in 1876  
figures.

Nine hundred and fifty-five males and 615 females have been excluded from ward 3 (town area) and included in its fringe area; 116 males and 75 females have been excluded from the Fort and included in Hastings as falling within its military area. The figures of the added area, Suburban Municipalities, and the canals have been taken as the mean between those of 1881 and 1872.

1872 figures.

The details of the population of each ward in the old town not being anywhere available, the total figures that are available have been distributed over the different wards in the ratio corresponding to that of 1876. The method of calculating the figures for the added area and the Suburban Municipalities is explained in the report.

NOTE.—Asterisks denote Fringe Area Wards. Before the amalgamation of the greater part of the old Suburbs with the Town in 1881 they formed one of the Suburbs, and were included in the Census of 1881. The portions left over on the west of the Circular Canal, that is, between the Canal and the town area wards adjoining under the designation of the Fringe Area Wards. The strip contiguous to Ward No. 1 bar, for the purpose of the Census of 1881, was included in the Town of Calcutta. At paragraph 29, page 17 of the Census Report for 1881, the population of this area is shown as 5,000, which was at first accepted as the basis of comparison for 1881 census to 10,000.
